

PAPER 4 SPEAKING (16 minutes)

There are two examiners. One (the interlocutor) conducts the test, providing you with the necessary materials and explaining what you have to do. The other examiner (the assessor) will be introduced to you, but then takes no further part in the interaction.

Part 1 (2 minutes)

The interlocutor first asks you and your partner a few questions which focus on information about yourselves and personal opinions.

Part 2 (4 minutes)

In this part of the test you and your partner are asked to talk together. The interlocutor places a set of pictures on the table in front of you. There may be only one picture in the set or as many as seven pictures. This stimulus provides the basis for a discussion. The interlocutor first asks an introductory question which focuses on two of the pictures (or in the case of a single picture, on aspects of the picture). After about a minute, the interlocutor gives you both a decision-making task based on the same set of pictures.

The pictures for Part 2 are on page 39.

Part 3 (10 minutes)

You are each given the opportunity to talk for two minutes, to comment after your partner has spoken and to take part in a more general discussion.

The interlocutor gives you a card with a question written on it and asks you to talk about it for two minutes. After you have spoken, your partner is first asked to comment and then the interlocutor asks you both another question related to the topic on the card. This procedure is repeated, so that your partner receives a card and speaks for two minutes, you are given an opportunity to comment and a follow-up question is asked.

Finally, the interlocutor asks some further questions, which leads to a discussion on a general theme related to the subjects already covered in Part 3.

The cards for Part 3 are on page 40.
